COMMENTS FROM THE TOWN MANAGER'S OFFICE

The excise tax collections have increased a lot this week but are still a little slower than last year. There were 450 excise tax receipts made out through February 12, 1963, and only 392 through the 12th of February this year. Many people call the office and want to know what their excise tax is going to be this year. The fastest and easiest way for us to figure it out is to know what the excise tax was last year and the year the car was manufactured. With these two facts we can figure the tax for 1964 in a short while.

If you want an excise made out you should bring in your 1963 registration. If you can not bring in last year's registration, you should have the tax receipt number which is the red number on the center bottom of the receipt.

Many people wonder why the excise tax on a vehicle five years old does not go down to \$5.00. The excise tax is figured on the factory list price of the automobile when it was new. The first year the tax is 23 mills of the factory list price. This rate decreases to 16.5 mills, 12.5 mills, 9 mills, 5.5 mills and 3 mills. The three mills on the sixth year it is registered is the lowest it will go. If the factory list price was \$1,670 or less, the sixth year excise will be \$5.00. If the factory list price was \$2,000 this sixth year excise tax will be 3 mills of \$2,000 or \$6.00.

The factory list price includes only the standard equipment on the automobile as it leaves the factory at the point of manufacture. It does not include charges for transportation, delivery and handling, distribution, excise and handling, or any state and local taxes.

20 SECONDS with the NAZARENE

"He went up into a mountain apart to pray." (Matthew 14:23)

The gospels record a great number of occasions when Jesus prayed. It is not at all unusual to read that He spent the entire night in prayer.

Interesting that He who was God prayed as much and we who are human pray as little. We would do well to be more Christlike.

DIRECT NEWS FROM KONTUM ATTACK BY VIET CONG SQUAD

The following letter from Capt. Donald K. Lord gives first-hand information on the communist-guerrilla attack on his compound in Kontum, So. Vietnam last Monday A. M.:

Dear Mother and Dad,

Well, I have plenty to write about this time. By now, I'm sure you've read the whole story in the papers—but I'm also sure that they made it much worse than it actually was.

I was on duty Sunday and about 0135 on Monday morning 4 VC entered the compound by cutting through the fence. Just as they were through they were spotted by one of the duty NCO's that was out checking the guards.

They started firing with an automatic weapon and three of them ran toward the building where the field grade officers stay. They planted four or five charges in the game room and lounge—which went off almost immediately. Then they started back thru the fence. All this time, Sgt. Flinn was firing. He did okay, too, because after the firing stopped we found that he'd killed two of them just as they were going out the fence.

When the firing started, I was in the orderly room. I pushed the siren to alert everyone, and just then the first explosion went off. I was in the same building but about two walls away. Even at that, the orderly room walls, and ceiling craved-in. Sgt. Hopkins, another duty NCO, was with me at the time. We went outside trying to find out exactly what was happening. The firing and explosions stopped just as suddenly as they had started.

The building had caught on fire and Capt. Helms (a second duty officer) and I started searching the three rooms nearest the blast to find out if everyone was okay. A captain was injured, but not seriously. Everyone else was already manning their defensive positions.

CHRISTIAN SCHOOL CHOR TO APPEAR AT CHURCH OF OPEN BIBLE

The Christian School Choir from Glen Cove, Maine, will be appearing at the Church of the Open Bible, Saturday, Feb. 15, at 7:30 p. m.

There are 35 male and female teen-age voices in the choir directed by their music director, Mrs. Harold Duff.

Also appearing as guest speaker will be the president of the school, Harold Duff.

There have been those who have acclaimed this choir to be equal with any college choir.

Don't fail to take advantage of such an opportunity! The choir also will be appearing at West Sumner Friday evening, Feb. 14, at 7:30 p. m. and in Andover, Maine, at the Congregational Church, Sunday morning, Feb. 16 at 11 a. m.

Make it a date at one of these places! Everyone welcome.

We still didn't know for sure just how big an attack it was—everything happened so fast!

In the end, 15 officers lost just about everything they owned except the uniforms they had on. Our orderly room, officers' lounge, mess hall supplies, and 15 sets of quarters were burned to the ground.

The only injured was one Capt. and one Sgt. The latter broke his leg as he was running to get into position. Considering the damage done and the speed of the attack, we are really lucky! Sgt. Flinn deserves all the credit for what he did. He saved us from a lot more damage and possibly the lives of a few of us.

Now things are getting back to normal. The debris is being cleared as fast as possible and claims are being submitted. I was lucky—my building didn't catch on fire so I lost nothing except my fatigue hat which I left in the orderly room after the first explosion.

By the way—make sure you watch TV for the next week. "UPI and AP have been here taking pictures. I won't be in them interesting to compare with what actually happened.

GOULD ACADEMY

National Honor Society

During a special assembly on Monday, Feb. 10, in Bingham Hall, Gould Academy held its annual National Honor Society installation ceremonies. Headmaster Edmond J. Vachon opened the special program. After lighting the pilot candle to represent service, with a general explanation of the Honor Society, giving special reference to service. He pointed out that during the course of four years in high school other awards are given for excellence in one or more of the qualifications for Honor Society membership, namely character, leadership, scholarship, citizenship, and service, but only the Honor Society combines them all. The recipients of membership are chosen by a majority vote of their teachers, after they have qualified for possible selection by their academic average.

Mr. Vachon said of service that it is a giving of means, time and selves wholeheartedly to render service to all fellowmen, and to maintain a loyal attitude to school, home, community, etc.

Richard Jacobs and Judith Judkins, members of the National Honor Society who were chosen last year as juniors, then spoke on the other qualifications for membership—Jacobs on character and leadership; Miss Judkins on citizenship and scholarship.

Members of the National Honor Society are:
